The Board of Water Commissioners held a special Zoom meeting on February 5, 2025, at 2:00 PM to discuss a support letter for a grant application to the Massachusetts EPA on behalf of the Cape Cod Commission's Drought Resiliency and Water Efficiency initiative. Attendees included Chairman Churbuck, Commissioner Horsley, and Office Manager Nash. Commissioner Robinson was absent due to a personal emergency but had expressed his support for the letter via email prior to the meeting. Chairman Churbuck read the letter into the record, and it was unanimously approved for signing and submission. Office Manager Nash will prepare the final draft for Chairman Churbuck's signature.

Respectfully submitted,

David Churbuck, Chairman
Board of Water Commissioners
