

COTUIT FIRE DISTRICT

**Annual Reports
FY 2023**

DEDICATION

Tom Hadley

Tom grew up in Marstons Mills where his family owned the Clear Lake Duck Farm and he attended Barnstable Schools.

Tom served 20 years in the military including the Marines and the Air Force, where one of his first assignments was driving an ambulance in London. Once retired to Cotuit he was a Barnstable Police Officer and later an Assistant Manager at the Barnstable Municipal Airport. He was a lifelong member of the Hyannis Yacht Club, a Shriner and a leader in the Cotuit Mariner's Lodge and a member of Aleppo Shriners Parade Brigade. He served two terms on the Cotuit Fire District Board of Fire Commissioners. He was a self-taught craftsman who delighted people with his beautiful rope work. He was often seen walking his granddaughter's dog Warren and his own dog Maggie around the village.

ELECTED OFFICIALS

Board of Water Commissioner

Mark H. Robinson	2024
Scott Horsley	2025
David Churbuck	2026

Prudential Committee

Mark Lynch	2024
Frances Parks (Chairperson)	2025
Seth Burdick	2026

Board of Fire Commissioners

Richard Pisano	2024
Kevin Conley (Chairperson)	2025
Adam Zais	2026

Moderator

John C. Gardner	2025

REPORT OF THE CLERK

ANNUAL ELECTION AND DISTRICT MEETING

May 30 and 31, 2023

In accordance with the foregoing notice and the by-laws of the District, the annual election of the Cotuit Fire District was held at the Freedom Hall, Main Street, Cotuit, on Tuesday, May 30, 2023, between the hours of four o'clock and eight o'clock PM. The results were as follows:

	<u>Votes Received</u>
<u>Member, Prudential Committee, 3 years</u>	
Seth Burdick *	66
<u>Member, Board of Fire Commissioners, 3 years</u>	
Adam Zais *	64
<u>Member, Board of Water Commissioners, 3 years</u>	
David Churbuck *	68

Also, in accordance with the foregoing notice and the by-laws of the District, the annual meeting of the Cotuit Fire District was held Wednesday, May 31, 2023, at Freedom Hall, Main Street, Cotuit, at seven-thirty o'clock PM. The meeting was called to order by the Moderator. The Clerk read the call of the meeting and return of the same. The Clerk then reported the election results. Then action was taken on the following articles:

Article 1: Upon motion duly made and seconded, the District voted to accept the reports of the officers and committees of the District as printed. **Unanimous - 2/3 vote requirement met**

Article 2: Upon motion duly made and seconded, the District voted for FY 2021 to set the annual salaries of the elected officials as follows: Prudential Committee Members, Members of the Board of Fire Commissioners and Members of the Board of Water Commissioners: **\$1,250.00** each; Moderator: **\$250.00**. **Unanimous**

Article 3: Upon motion duly made and seconded, the District voted to raise and appropriate **\$45,000.00** to establish the reserve fund as provided in Section 5C, Chapter 40 of the General Laws. **Unanimous meets 2/3 vote requirement**

Article 4: Upon motion duly made and seconded, the District voted to raise and appropriate **\$115,792.00** for labor and salaries for the Finance Department; and **\$289,680.00** for the remaining expenses of the Prudential Committee for the Financial Department to be apportioned approximately as follows: **\$288,680.00** for operations and **\$1,000.00** for miscellaneous expenses for a total appropriation of **\$405,472.00**. **Passes by 2/3 Majority with 2 nays**

Article 5: Upon motion duly made and seconded, the District voted to raise and appropriate **\$2,083,340.00** for labor and salaries of the Fire Department; and **\$376,304.00** for the remaining expenses of the Fire Department, to be apportioned approximately as follows: **\$81,070.00**, for Maintenance, **\$294,234.00**, for Operations and **\$1,000.00**, Miscellaneous expenses for a total appropriation of **\$2,459,644.00**. **Passes by Majority**

Article 6: Upon motion duly made and seconded, the District voted to borrow and appropriate **\$65,000.00** for additional funds to purchase a replacement ambulance to be expended under the authority of the Fire Commissioners.
Passed by 2/3 Majority with one objecting

Article 7: Upon motion duly made and seconded, the District voted not to transfer and appropriate the sum of **\$10,000.00** from Certified Free Cash for performance of a cybersecurity review for the Fire Department. **Defeated**

Article 8: Upon motion duly made and seconded, the District voted to borrow and appropriate **\$51,000.00** for the purchase of a cardiac monitor. **Unanimous - 2/3 vote requirement is satisfied**

Article 9: Upon motion duly made and seconded, the District voted to raise and appropriate **\$35,000.00** for the Water Department for service connections, **\$456,551.00** for labor and salaries; and **\$361,475.00** for the remaining expenses of the Water Department, to be apportioned approximately as follows: **\$97,700.00** for maintenance; **\$262,275.00** for operations; and **\$1,500.00** for miscellaneous expenses for a total appropriation Of **\$853,026.00**.
Passed by Majority- 64 yes to 23 nays.

Article 10: Upon motion duly made and seconded, the District voted to borrow and appropriate **\$200,000.00** for the repair and upgrading on certain Water Mains. 2/3rd vote requirement is satisfied with one objecting **Passed by 2/3 Majority with one objecting**

Article 11: Upon motion duly made and seconded, the District voted to raise and appropriate for FY 2021:

\$5,999.00 for the labor and salaries for Freedom Hall Building Maintenance; and **\$20,531.00** for the remaining expenses of the Prudential Committee, as specified in the Budget Handbook distributed at the meeting and to be apportioned approximately as follows: Maintenance, **\$12,525.00** for maintenance, **\$7,906.00** for operations, and **\$100.00** for Miscellaneous expenses for a total appropriation of **\$26,530.00**. **Passed by Majority**

Article 12: Upon motion duly made and seconded, the District voted to raise and appropriate **\$7,410.00** to maintain the streetlights of the District. **Unanimous**

Article 13: Upon motion duly made and seconded, the District voted to transfer and appropriate **\$26,000.00** from Certified Free Cash to support the maintenance of the Cotuit Library.

Unanimous

Article 14: Upon motion duly made and seconded, the District voted to raise and appropriate **\$118,970.00** and transfer and appropriate from Certified Free Cash **\$287,632.00** for a total appropriation of **\$406,602.00** for the payment of principal and interest. **Passed by Majority with one objecting**

Article 15: Upon motion duly made and seconded, the District voted to raise and appropriate **\$572,902.00**, and transfer and appropriate the **\$140,420.00** from Certified Free Cash and transfer and appropriate from the General Stabilization Fund **\$200,000.00** for a total of **\$913,322.00** for the purpose of paying employee health insurances and post-employment benefits. **2/3 vote requirement is satisfied with only two objecting**

Article 16: Upon motion duly made and seconded, the District voted to transfer and appropriate the sum of **\$35,000.00** from Certified Free Cash for the Stabilization Fund as provided under Section 5B, Chapter 40, of the General Laws. **Unanimous - 2/3 vote requirement is satisfied**

Article 17: Upon motion duly made and seconded, the District voted to transfer and appropriate the sum of **\$46,080.00** from Certified Free Cash to the Water Department Stabilization Fund as provided under Article IX, Section 5 of the District By-laws. **Passes by Majority**

Article 18: Upon motion duly made and seconded, the District voted to authorize the Prudential Committee to complete the acceptance of the intergovernmental transfer from the Town of Barnstable of 8.5+ acres of the so-called Cotuit Elementary School property at 140 Old Oyster Road which will also include the acquisition of a Conservation Restriction in an adjacent 5+ acre parcel. **Passes by majority vote.**

Article 19: Upon motion duly made and seconded, the District voted to revise the District Bylaws Article XI, Section 11 by deleting "citizens of the District" and replacing it with "individuals". **2/3rd vote requirement is satisfied with one objecting**

Article 20: Upon motion duly made and seconded, the District voted a non-binding referendum to allow the Prudential Committee to petition to the state legislature for enabling legislation which would allow the Cotuit Fire District to raise and appropriate monies for the operational needs of the Historical Society of Santuit and Cotuit, in the Town of Barnstable. The non-binding vote was **40 in favor and 13 against.**

The Moderator announced he has appointed Carol Zais and Amy Kates to the By-law Committee. Also, he has appointed Michael Curtis and Cynthia Gardner to the Policy Advisory Committee.

Motion made, seconded and passed unanimously to dissolve the meeting.

FYI 23 Prudential Annual report

Freedom Hall continues to be busy with multiple groups and residents using the Hall. Cotuit Center for the Arts has used the hall for rehearsals, Cotuit Bay Shores and Cotuit Center Residents holds their annual meeting in the hall, birthday parties, funeral coalitions, baby and wedding showers, the Plant and Bake sale and the Library Book Sale. The Boy Scouts meet at Freedom Hall. There is also a Sobriety group that uses the hall for meetings.

The streetlight service by Arden Company has been satisfactory to date. We have had to only replace two failed streetlights. Just to review we do not own the poles the lights are on. They are owned by Verizon. If there is not a pole in place, we can not install a light. The policy has and is to only install lights at intersections.

The Fire Department continues to make good use of the 56 High Street property. The garage has been very useful for storage of equipment. One bay is used by the Civic Association for their signs, road cones and other items for events.

Negotiations with the Town of Barnstable regarding the transfer of the Cotuit School to the district continue. A conservation restriction document for the woodland portion of the property is being done by Mark Robinson. I want to thank our School Committee negotiating team Jacki Barton, Mark Lynch and Jim Dannhauser for all of the work they have done with the town. My thanks also to all the volunteers on the Cotuit School subcommittee. The completion date for this project hopefully in view. A sticking point is the removal of the underground oil tank.

Frances S. Parks

Seth Burdick

Mark Lynch

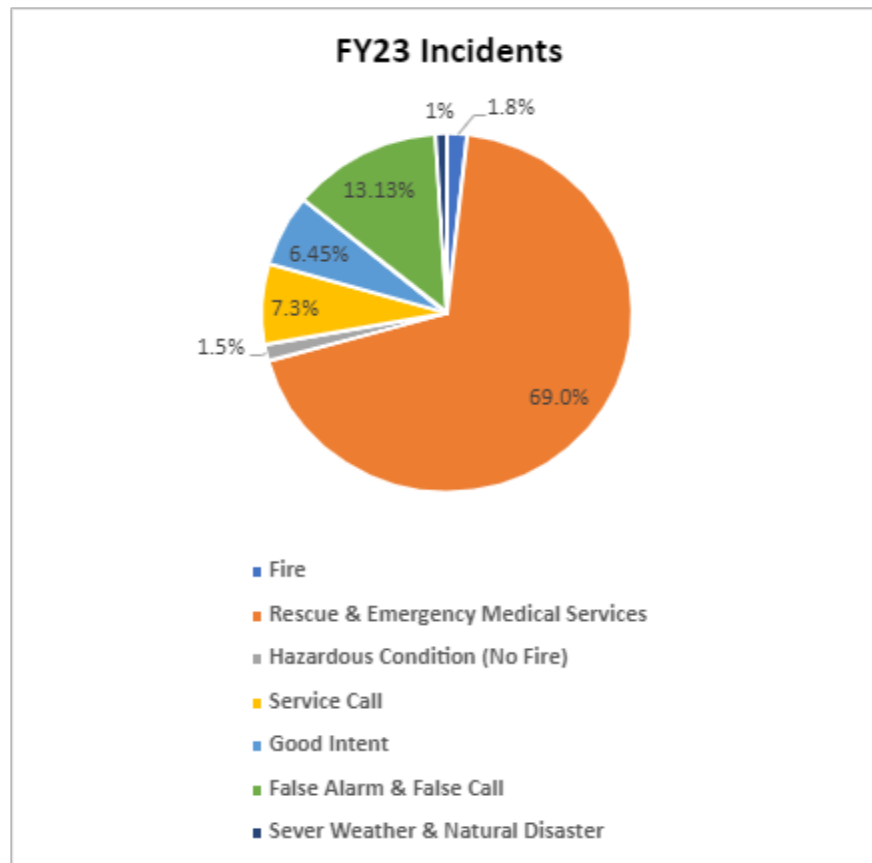

REPORT OF THE BOARD OF FIRE COMMISSIONERS

TO THE CITIZENS OF THE COTUIT FIRE DISTRICT:

The Board of Fire Commissioners is pleased to submit our annual report for the fiscal year ending June 30, 2023.

EMERGENCY RESPONSES FY2023

The Cotuit Fire Department responded to 868 incidents during FY2023.

FIRE PREVENTION & PUBLIC SAFETY EDUCATION

As always, we encourage residents to install and maintain their smoke and carbon monoxide (CO) detectors. Several years ago, legislation was passed requiring homes to have CO detectors on each level and within ten feet of bedroom doors. Landlords are responsible to have this equipment installed in rental units as well. Occasionally, we respond to CO detector activations, finding in some instances, a discharge of CO from sources including vehicle exhaust and heating equipment. CO is poisonous and undetectable by humans; working CO detectors are essential in any home, especially

those using fuels such as propane or natural gas, oil, coal or wood. Unless otherwise specified by the manufacturer, CO detectors have 7-year life span and smoke detectors have a 10-year life span and should be replaced at the end of this period.

We conduct inspections as required by State law, including resale properties, new homes, hazardous/flammable storage systems, and underground tank removals. In addition, we also offer public safety presentations/training to businesses and residents.

FY2023 saw the start of numerous community risk reduction programs such as the Reassurance Program. This free program offers fire and injury prevention inspections along with a wellbeing call-in program.

If you have questions regarding fire prevention, code compliance, safety or inspection concerns, please contact us at your earliest convenience.

PERSONNEL

2023 saw the promotion of Shane Clark to the position of Deputy Fire Chief. Deputy Clark began his career with the Cotuit Fire Department in 2002 as a call firefighter. The Cotuit Fire Department team now includes 12 permanent firefighters, a Deputy Chief, and a Chief. All firefighters are certified to the Emergency Medical Technician Paramedic or Basic level. We maintain three firefighters on duty (start of shift) in the station 7 days a week, including 1 officer and at least one paramedic. Our on-duty staff is supplemented with off duty permanent firefighters, 24/7 response of the Chief and Deputy and mutual aid assistance as needed. The firefighters and officers have individual areas of responsibility and expertise. These include EMS Officer, (FF/Paramedic Casey Staggs), facilities, training, communications, equipment, protective clothing, technical rescue, hazardous materials, and rescue divers.

TRAINING

Each year, we build upon existing skills and introduce new ones. Personnel attend courses at the Massachusetts Fire Academy in Stow, Massachusetts, training programs provided by Barnstable County Fire Training Academy, and the National Fire Academy in Maryland. Classes include various firefighting classes, hazardous material, incident command, emergency management and emergency medical operations. Captain Jeremy McPherson coordinates our fire training activity and EMS Officer Casey Staggs coordinates the emergency medical training. We utilize online, on-duty, interactive training when possible, allowing us to focus our training resources on new critical skills, ensuring our staff is prepared to mitigate foreseen and unexpected emergencies. We also encourage our personnel to attend offsite training opportunities and gather information on industry best practices that can be brought back to Cotuit.

APPARATUS AND EQUIPMENT

Captain Bill McNamara leads the ongoing maintenance and repair program for our vehicles. Although we received the vehicle in early FY24, Ambulance 275 is now in service at the Cotuit Fire Department. This vehicle is a resource shared with Sandwich Fire Department. The maintenance costs are split with Sandwich. We maintain the following emergency vehicles;

<u>Vehicle ID</u>	<u>Description</u>	<u>Purchase date</u>	<u>Scheduled Replacement</u>
262	Ambulance	6/30/2015	FY2023 (on order)
265	Engine/Pumper	6/30/2016	FY2036
263	Engine/Pumper	6/30/1994	FY2025
260	Utility	11/1/2018	FY2027
261	Chief Car	10/1/2020	FY2026
266	Boat (29' Metal Shark)	1/1/2014	FY2039
268	Boat (14' Inflatable)	1/9/2008	FY2026
275	Ambulance (shared resource)	7/21/2023	TBD
269	Deputy Chief Car	6/30/2021	FY2030

BUILDING AND GROUNDS

Our Station was constructed with the shell of the old Elizabeth Lowell High School in 1938. In 1990 the station was renovated and expanded. It had been almost 30 years since our station had major renovations. Needed repairs were started in FY2017 including a new septic system, re-paving of the parking lot, and a new roof. Funds were approved in an article at the 2019 District meeting to continue repairs and bring the building in compliance with federal regulations. Despite these improvements, the aging structure and internal systems continue to have component failures and increasing maintenance requirements. The firehouse is undersized to accommodate the apparatus and needs of the modern-day fire and emergency medical services. Efforts are underway to determine the feasibility of a new firehouse.

ACTIVITIES

The department continues to provide assistance to residents and others by offering Home Inspections, File of Life packets as well as Lock Box (Supra key box) installations. Please contact this department for more information. We continue our partnership with the Barnstable County Hazardous Materials Program and Cape Cod Healthcare in providing residents with a safe method to dispose of “sharps” – needles, syringes and lancets used by medical patients in home care situations. Sharps should not be disposed of in household trash and are not accepted at household hazardous waste collections. Participation is FREE to residents who can bring full containers to the fire station for disposal and receive empty containers for personal use.

We are pleased to continue providing blood pressure screening at the station. Hundreds of people have taken advantage of this free service offered anytime at the fire station. We continue to offer information, advice on safety issues, and assistance in a variety of ways to our residents and visitors.

COMMENTS

We are proud to serve the community and help oversee the important job of providing emergency services. We continue to review our operations and assess what, if any changes may be necessary to maintain the highest level of service. Our team takes pride in efficiently using the resources you provide us to provide this level of service.

We would also like to acknowledge the dedication and professionalism of our team. A listing of fire department members as of June 30, 2023 is provided after the narrative portion of this report. We offer our appreciation and thanks to these members of your fire and rescue department for their ongoing efforts to protect and serve our community.

We thank the Prudential Committee, Treasurer, Clerk, Board of Water Commissioners and the employees of the Water Department for their continued cooperation and support.

Residents are always encouraged to drop by their fire station or call at 508-428-2210 with questions, suggestions, or concerns.

Respectfully submitted:

Kevin Conley, Chairman

Richard Pisano

Adam Zais

BOARD OF FIRE COMMISSIONERS

Sean W. Brown
FIRE CHIEF

Shane Clark
DEPUTY FIRE CHIEF

Public Safety Information

Please consider taking action to make your family safer . . .

- **Install carbon monoxide (CO) detectors in your home!**
State law requires CO detectors in every home. Detectors must be installed within 10 feet of each bedroom door and on each habitable level; all must have battery back up. We recommend locating a detector in unfinished basements as well. Contact us for additional information.
- **Install and maintain smoke detectors throughout your home!**
Test your smoke detectors regularly and replace them every 5 years (or less), even if they appear to work properly. Environmental exposure to dust and moisture can reduce a detector's effectiveness. We can test your detector's operation free of charge.
- **Take advantage of our "File for Life" program!**
If you need to call our ambulance service, having current medical information available helps us to provide better care. Our "File for Life" program allows you to keep medical information available in a red pouch affixed to your refrigerator with a magnetic backing; these are available free at the fire station.
- **Please post your house number!**
Town regulations require the use of house numbers. If your number can't be seen from the street, a sign must be placed near the driveway or road entrance. Trim any foliage that might obstruct your number from view. If you have detached structures, such as a guest cottage or other habitable space on your property, a separate house number may be necessary. We can provide more specific information in accordance with the town's house number regulations.
- **Maintain adequate access to your property!**
Tree limbs and brush overhanging driveways on private roads can delay or prevent us from reaching your home quickly. Our fire apparatus is larger and wider than the average passenger vehicle and requires more overhead room; damage can occur when clearance is not sufficient. We can furnish information on how to provide adequate access to your property.
- **Install a lock box if you have a medical or fire alarm!**
If you have a fire and/or medical alarm, live alone or live away part of the year; you may want to consider using a "lock box". Lock boxes securely store keys to your property for responders to use in an emergency. Information is available at the fire station. Residents with fire and/or medical alarms are requested to update contact and other information.

Cotuit Fire, Rescue and Emergency Services
Department Roster & Years of Service
2022- 2023

Brown, Sean	Fire Chief/EMT	30 years
Clark, Shane	Deputy Chief/Paramedic	21 years
McNamara, Bill	Fulltime Lieutenant/EMT	25 years
Lyons, Brent	Fulltime Lieutenant/EMT	22 years
Amento, John	Fulltime Lieutenant/EMT	18 years
McPherson, Jeremy	Fulltime Lieutenant/Paramedic	14 Years
Emerson, Peter	Fulltime Firefighter/Paramedic	13 years
Williamson, Douglas	Fulltime Firefighter/Paramedic	11 years
Staggs, Casey	Fulltime Firefighter/Paramedic	10 years
Lee, Brian	Fulltime Firefighter/Paramedic	7 years
Gardiner, Christian	Fulltime Firefighter/Paramedic	6 years
Melanson, Scott	Fulltime Firefighter/Paramedic	13 years
Kuenzel, Eric	Fulltime Firefighter/Paramedic	6 years
Deeg, Thomas	Fulltime Firefighter/Paramedic	12 years

*(Time shown is cumulative for those members with both part time and full time in the Fire Service)

Cotuit Fire District
Department of Fire, Rescue
and Emergency Services

Mission Statement

To provide the village of Cotuit with the highest quality of Fire, Rescue and Emergency services through personnel who are prepared and equipped to function in a safe, prudent, and compassionate manner.

In order to accomplish our mission, we shall . . .

- Provide training and education to personnel so that they may have the necessary knowledge and skill to provide the best possible service.
- Furnish well-maintained tools and equipment for personnel to accomplish their tasks in a safe and efficient manner.
- Encourage personnel to participate in the growth and development of the department.
- Offer education and information to the public to increase awareness improve personal safety and reduce unnecessary loss and suffering.
- Act in a responsible manner with respect to financial and administrative decisions using good judgment and appropriate business practices.
- Be a resource to assist our residents and visitors in time of need.
- Strive to be a valued and respected member of the community.

Cotuit Fire District - Fire, Rescue and Emergency Services

Partial List of Services

Emergency Medical Services (EMS):

- Basic and Advanced Life Support Treatment and Transportation
- Response to Medical Alarms and verifying the well being of residents.
- Response to Motor Vehicle and related accidents requiring EMS services.
- First Aid and advice including medical information and referral for non-life threatening problems.
- Blood Pressure screening offered both in station and in the community.
- Marine rescue (ocean and inland waters) for boats/persons in trouble and coordination of efforts with the Coast Guard and other agencies.
- Response to ice rescues and “unusual” situations which require specialized techniques and equipment.

Fire Suppression and Hazardous Materials:

- Response to and containment/extinguishment of home, vehicle, boat, woodland, equipment and other types of fire.
- Response to and mitigation of hazardous conditions including hazardous materials incidents and unsafe conditions.
- Response to automatic fire, smoke, carbon monoxide and other related detection devices while providing assistance to the owner/occupant.

General Emergency and Non Emergency Services:

- Investigate and assist in a variety of public concerns including Carbon Monoxide alarms, equipment malfunctions, water leaks, gas/electric/utility problems, and other public safety matters.
- Provide assistance to other agencies including police, water dept., local, state, and federal agencies and other fire departments.
- Enforce local, state and federal laws where applicable including mandated fire prevention laws/regulations and open burning laws.
- Conduct various safety inspections of homes and businesses; offer advice and information on a variety of safety concerns.
- Conduct inspections and issue permits for smoke detector installations, fuel storage (liquid and gas), and compliance inspections, and other areas as provided by fire prevention and building code regulations.
- Provide emergency standby and/or response for special events, natural disasters and during peak periods of emergency activity.
- We respond to the public’s need whenever our resources and personnel may be of assistance, emergency or non-emergency, day or night, often when other agencies or departments have said “no” or are unable to help.

Committed to improving the quality of life in Cotuit by working to provide professional fire, rescue and emergency services . . . we are “few serving many”

**Report of the
Board of Water Commissioners
Fiscal Year 2023**

To the Citizens of the Cotuit Fire District:

In FY 2023 the Cotuit Water Department delivered 167,470,000 gallons of drinking water to 2,361 homes, businesses, and public buildings. This volume is down by almost 35 million gallons from the prior year. We believe that the 17% reduction in pumping is related to a combination of new water rates and water conservation efforts that we have promoted over the last several years.

Providing water that is secure, reliable and high quality is the primary focus of the Water Department. We also strive to be transparent for our customers and to provide a variety of options for everyone's ease of access to water and all that we do. To those ends, during FY23, the Cotuit Water Commissioners took several steps to ensure that our customers would continue to receive ample volumes of high-quality water, and that we remain proactive in our management approaches. Notable due to their complexity and required concerted collaboration among the Commission and Department are three highlights listed below.

1. To maintain a reliable water supply, we encouraged conservation by continuing to implement Irrigation Regulations. Irrigation does not require potable, high quality drinking water. In our system, which is restricted in terms of the volume that we can pump and distribute by State regulations, it is our belief that this use is the best suited for reductions. This led to altering our rate structure as well as eliminating any future connections for automatic in-ground irrigation systems. The rate increase targeted what we consider to be non-essential, irrigation and other outdoor water users; those that exceed using 60,000 gallons in a six-month period. According to our records, more than 100 private irrigation wells have been installed by homeowners within the District. This has helped conserve our water supply.
2. We continue to work towards implementing the Source Water Protection Plan (SWPP). Primary threats to our water supply include wastewater from septic systems, lawn fertilizers, and road salt. Approximately 500 septic systems are located within the Zone 2 protection areas to our wells and contribute wastewater into the groundwater. Wastewater has caused increased concentrations of nitrates in our wells, but below federal and state drinking water standards. Septic systems also contribute a broad range of contaminants of emerging concern (CECs) including PFAS, pharmaceuticals, and flame retardants. We are looking into options to upgrade or replace septic systems with newer innovative and alternative technologies that may remove these pollutants. The objective of our plan is to preserve water quality by addressing potential sources of contamination while promoting water conservation. The plan includes identification of potential contaminants and their sources, as well as the evaluation of existing test wells and site recommendations for additional test wells, all of which will enable the Water Department to monitor ground water as it flows into our wellfield. Additional test wells will be installed in FY24 as a result of this initial study.

3. We remain active in our support to the District and their efforts to protect properties associated with the Cotuit Elementary School. This property is directly upgradient from, and within, the wellhead protection area of one of our water supply wells. We remain committed to making sure that any future uses of that property will protect and preserve water on behalf of our residents.

The new water rates are continuing to provide significant revenue to the District, shifting the true cost of the water system to consumers. The rates were designed to be progressive with higher rates (tiers) associated with more consumption, thus encouraging water conservation. A base rate was established that provides a typical single-family home with adequate drinking water for normal household consumption (including drinking, cooking, bathing, washing) for an annual cost in the range of \$100 - \$200. Higher rates are charged for additional water consumption, in most cases these will be outdoor uses such as irrigation, washing cars and other external properties, and filling pools. Another rate tier was added to support our prepared food providers which accommodates their higher usage without penalty due to the goods and services they provide to the community. Our revised rates became effective January 1, 2022.

The Water Department continues to comply with, and stay ahead of, water quality testing requirements. Water quality is analyzed at a state certified laboratory monthly and our water quality continues to exceed all State and Federal standards. There are elevated Sodium (Na) levels being detected in the supply and the Department has notified users through our annual Drinking Water Quality Report which is sent to every home in the District. Additional copies of the report are available at the Water Department Office. The report can also be viewed online at www.cotuitfiredistrict.org/waterdepartment. Sodium is of concern for sensitive individuals and is being investigated through our SWPP. Primary sources of Sodium include road and other impervious surface salt applications, and septic system leaching, both of which are being targeted for reduction through innovation including identification of reduced salt application zones and practices that switch ice treatments to those that do not contain Sodium. Our outreach efforts have included direct mailing to all property owners as well as contacts and discussions with the State and Town regarding their use of Sodium Chloride on our roadways.

We continue to replace old and high use meters in the district. This ongoing program replaces functionally obsolete meters with more accurate models that use the latest technology for measurement and reading. Meters that have processed more than 1,000,000 gallons of water or are more than 10 years old are being replaced before failure. This will help consumers better understand and more accurately track their water use over the course of a year, as well as reduce the risk of leaks resulting from worn equipment.

As part of our Standard Operating Procedures, the Department conducted regularly scheduled maintenance along with service installations and emergency repairs throughout the past year. The annual preventative leak detection, maintenance and master meter calibration were conducted on the water mains and at all five pumping stations. Additionally, our annual water main flushing program was completed in the spring to remove naturally occurring debris and sediments from the system. All of those activities support our goals of providing secure, reliable and high-quality water to all consumers.

We consider it essential, and our staff has embraced professional development by completing continuing education classes necessary to maintain their Distribution and Treatment licenses and advance their expertise in water management systems. They have also pursued classes which include MassDEP regulations, new and emerging contaminants, preventative maintenance, OSHA health and safety requirements as well as CPR, Emergency Response and Risk & Resiliency assessments. Their continued efforts to better support our community are outstanding and commendable.

The commissioners would like to acknowledge the hard work and dedication of our Water Department Staff, who are on-call 24/7, to ensure the effective and efficient delivery of high-quality drinking water and exceptional service to the residents of the Cotuit Fire District. Our mission is not only to provide quality drinking water for today's use, but to plan for the future needs of the village. We are constantly assessing our groundwater, infrastructure, well-fields and facilities to ensure that we can continue to meet the water needs of the village. We also offer a special thanks to the Prudential Committee, Fire Commissioners and the District Administrative teams for their support. It has been our pleasure to serve you over the past fiscal year.

Respectfully submitted,

Scott Horsley, Chairman
David Churbuck, Commissioner
Mark Robinson, Commissioner

FY 2023 REPORT OF THE DISTRICT TREASURER

The Fiscal Year 2023 (FY 23) books are closed and all the requisite financial statements and reports for that period have been filed with the Massachusetts Department of Revenue (DOR). Our firm of independent accountants, Roselli Clark and Associates, have completed the audit of FY 23 and their report is available for you online at the District web site. <http://www.cotuitfiredistrict.com>

The operations of the Cotuit Fire District FY 23 resulted in underspent Budget appropriations of \$196,908 (or 4.3%). In addition, local receipts – primarily water rates and ambulance services – generated \$512,044 more local revenue than was estimated in the FY23 Budget. These two positive variances resulted in the District's Certified Free Cash of \$764,846 for FY23. This Free Cash plus money from other funds of \$ 946,370, for a total of \$1,711,216 (including \$156,748 for exclusive Water Department use) are available for use at this May's Annual District Meeting.

While there was a decline in this years' property tax rate and the average household tax bill increased. The 2024 tax rate of \$1.23 reflects a 5.7% decrease from last year's rate of \$1.30. This decrease was attributable to the 12.7% increase in District property values which offset a 6.6% increase in net appropriations funded by the tax levy. All of this resulted in an increase in the average household tax bill of 6.3% to \$1,249.30.

This tax rate was set in a timely manner with the assistance of R. Lane Partridge, the Director of Assessing for the Town of Barnstable, and we thank him for that assistance. In addition, we want to thank Sean O'Brien, Town Treasurer/Collector, and the Assistant Collector, Gislaine Morse, for the collection of taxes and their many other efforts on behalf of the District. Finally, we want to thank Lisa Haven, District Assistant Treasurer, for her excellent work for the District throughout the year.

The reports following this summary are included as part of this narrative. These reports comprise the results of the District's financial activities for FY 23 and yearend balance. These reports are prepared using the modified cash basis which is the mandated Massachusetts method for District reporting. The above-mentioned audit report is based on Generally Accepted Accounting Principles (GAAP) for Municipalities. There are differences between these two methods. GAAP statements use the full accrual method (e.g., counting revenue when billed not collected as in the modified cash basis); and includes retirement liabilities and fixed assets with the related depreciation. The modified cash method omits those liabilities and assets. For your reference, the District's retirement liabilities are an unfunded pension of \$4,447,803 and a post-retirement medical insurance of \$185,846. The Districts' net fixed assets total \$7,929,352 on which \$375,276 depreciation applies.

Thank you for this opportunity to be of service and I look forward to serving you in the next fiscal year. I am always available to provide additional information or to answer questions.

Respectfully submitted,
Ray Pirrone
District Treasurer
